Introduction

The purpose of this document is to provide you with guidance relating to the types of evidence that can be accepted as part of an English Apprenticeship Completion Certificate claim.

Whilst we would always recommend that actual completion certificates are used as evidence of a learner's achievement we do acknowledge that, for a variety of reasons, these are not always available. In these circumstances, there are alternative forms of evidence that can also be accepted. This guidance document gives examples of these and some general principles to follow when submitting achievement evidence on ACE, as part of an English Apprenticeship Completion Certificate claim.

This document provides some examples of evidence that are acceptable and provides information which explains why they are acceptable. Each evidence example has had the key data highlighted so that you can see clearly what you need to be looking for. These are the key pieces of information that individual Certification Bodies* will look for when checking Apprenticeship Completion Certificate claim. The minimum data requirements, irrespective of the type of evidence being used, are listed below. It may be that the evidence you submit incorporates additional data, above and beyond our minimum stated requirements, and this is valuable as it provides further ways in which the evidence can be validated and cross checked with the learner details on ACE.

The minimum data fields that we require to be clearly visible on all submitted evidence are:

- Full name of the learner
- Qualification name
- Level /Grade achieved (However, please note that this is **ONLY** required where achievement of a specific grade or level is an explicit Apprenticeship requirement)
- Date of achievement/award
- Awarding Organisation identifier (i.e. logo/web address)

Please note that some older PLR reports may not have this information included however, those from September 2013 should identify the Awarding Organisation.

These minimum requirements have been highlighted in red in each of the bulleted lists that appears on each of the evidence examples included within this document.

It is important that any evidence you submit on ACE meets these **minimum** requirements. All of the examples of evidence in this document have these key data requirements identified, in addition to other key data that can be used when checking and validating evidence. Please note

that we are now able to accept a range of electronic reports/screen shots and statements of results that are readily available to download from a number of online Awarding Organisation databases, Personal Learner Records (PLR) and e-certificates.

***Certification Bodies:** - The Federation sits at the centre of a hub and spoke model where it delegates responsibility to individual Certification Bodies (Sector Skills Councils and Standard Setting Bodies) to process Apprenticeship Completion Certificate claim requests, on its behalf. Each Certification Body has specific sectorial remits and uses its knowledge of its occupational area to review claims and ensure that the evidence provided meets the specified framework requirements being claimed for. The Federation's Apprenticeship Services Team oversees and manages the entire process, and produces guidance and supporting documentation for both Certification Bodies and Apprenticeship Completion Certificate claimants.

Further information on the current requirements of the process for claiming an Apprenticeship Completion Certificate for England can be found on the [ACE website](#).

How do I make a successful claim on ACE?

As a first step, you need to identify the correct Apprenticeship framework document for each learner. All of the current, and archived, Apprenticeship framework documents for England can be found online in the [Apprenticeship Frameworks Online library](#) (AFO). The library is easily searchable and copies of framework documents can be downloaded and printed off for reference.

The specific framework document required for each Apprentice will depend on their start date. Please make sure that you check the issue date for each framework to ensure that you are referring to the appropriate one.

If you have any questions, or are unsure as to the appropriate Apprenticeship framework document you should be referring to, then please contact the appropriate Certification Body. Each framework will have details of the Issuing Authority responsible for the framework and will also give the relevant contact details. In addition, all of the Certification Body contact details are available on the [ACE website](#).

Each framework document contains information on all the components that are required for the successful completion of each Apprenticeship pathway. Evidence of achievement of all these components will be required when submitting a claim on ACE for an Apprenticeship Completion Certificate.

All evidence submitted needs to meet the minimum criteria as detailed in this guidance document.

What evidence is not acceptable?

As a rule of thumb;

- Any form of evidence that states it is **provisional** will not be accepted as it doesn't constitute robust evidence of a learner's achievement. Provisional results can be subject to change, prior to final awards being made, and therefore cannot be relied upon as being accurate.
- Any form of evidence that does not meet the minimum requirements, as specified in this document will be unacceptable and result in an Apprenticeship Completion Certificate claim being rejected.

What formats of evidence are acceptable?

Any evidence that is uploaded to ACE must be of a good quality with all of the required data **clearly visible**. The following commonly used file formats are all acceptable and are ones that we can guarantee can be opened by Certification Bodies:-

- *.PDF
- *.JPEG
- *.DOC
- *.TIF
- *.PNG
- *.ZIP

Other formats can be uploaded to ACE but there could be an issue for Certification Bodies in opening evidence that is in an unusual file format.

Please note there is a 3MB file size limit and it may be necessary for files to be compressed prior to being uploaded to ACE.

On any evidence that contains the details of more than one qualification (e.g. a learner's PLR) then please clearly indicate which specific entry, or entries, are being submitted as achievement evidence.

Evidence should be uploaded to the correct evidence placeholder on the ACE Evidence Tab.

Any single file that is to be used as evidence for more than one Apprenticeship component should have the correct tick boxes selected when the file is uploaded. This will ensure that a copy will be accessible from each of the selected component placeholders on the ACE Evidence Tab.

Acceptable Evidence Types

The remainder of this guidance document includes examples of the most common types of evidence that can be accepted. In addition to actual achievement certificates, this also includes a range of reports and screen shots. This document includes actual examples of the evidence itself and each has been annotated to indicate what information, **as a minimum**, must be included on each of the different types of evidence that you can submit as part of an Apprenticeship Completion Certificate claim on ACE.

Please note that the key required data fields on each evidence sample has a red box drawn around it, to assist you in locating the required information as positions vary, depending on the type of evidence being used. All of the red boxes are numbered which relates to the individual numbers in the bulleted list of all of the required data fields which have been added to each of the evidence samples.

If you have achievement evidence that is not in a format either the same, or similar, to those included in this guidance document then this does **not** imply that it will not be acceptable. We have endeavoured to include examples of the most commonly submitted evidence types but we are aware that our sample range is not exhaustive.

If you have an alternative form of evidence, that doesn't appear in this document, then please apply the general principles as to what data is required to be present. You can use the examples within this document as a guide to the general principles as to what is required.

If you remain unsure as to whether or not the evidence you have will be acceptable, then please contact your [Certification Body](#) for further advice and guidance.

Please note: For data protection reasons, each piece of sample evidence used in this document has had some of its data amended or obscured. However, all of this data must be fully present and clearly readable on any of the evidence that you submit as part of an Apprenticeship Completion Certificate claim.

Help us to help you!

We will be continually reviewing and developing this guidance document and would really appreciate your feedback and help to do this. If you have an example of learner achievement evidence that is not currently included within this document, but you believe it would be acceptable based on the principles outlined in this document, then please send us a copy for our consideration. All evidence examples for review and consideration to be sent to ace@fiss.org.

Personal Learning **Record** **(PLR)**

Information & Examples

Personal Learning Record (PLR)

Background

The Learning Record Service (LRS) database is an online application that was introduced in 2007/08 and can only be accessed by registered users. It is a free service and you can easily register for an account (*see details below). The LRS database records the qualification achievements of individual learners at schools, colleges or other further education training establishments. Each learner has a Personal Learning Record (PLR). Please note that PLRs do not typically record Higher Education qualifications achieved at a University.

PLRs are populated by a range of Awarding Organisations. A list of all those currently registered and using LRS can be found on pages 12 and 13.

Individual learners can also use the LRS database to access their own current and past achievement record and they can also opt to allow their records to be shared with their training provider. **However, not all learners give permission for their PLR to be shared and, in these cases, the use of a PLR as a learner's achievement evidence would not be available to you.**

Getting access to the LRS database

* In order to start to use the LRS database, you will require a UK Provider Reference Number (UKPRN). If you do not already have a UKPRN then please register on the [UK Register of Learning Providers](#) website.

Once you have a UKPRN you can register with the [Learning Records Service](#) and start to access PLRs for individual learners.

If you have any questions in relation to this process then please contact the [Learning Records Service](#) directly.

PLR Limitations

A learner's PLR should always be considered as an alternative source of achievement evidence in cases where actual achievement certificates are not available.

However, historically, the data that was uploaded to PLRs by Awarding Organisations was not consistent, standardised or quality assured. There were no minimum requirements set and this has led to a situation where the quality of some of the historic data that has been input varies considerably. Therefore, as a result of this, not all PLRs will fully meet our minimum requirements as they may be missing key data fields.

If the evidence you have from a PLR does not contain the **minimum** information requirements then it will not be acceptable and you will need to provide an alternative type of evidence to confirm a learner's achievement.

Understanding a Personal Learning Record (PLR)

There are various reports and screen shots available within each PLR. However, irrespective of the one that is used it must, as a **minimum**, contain the following information:-

- Learner's full name (Forename and Surname)
- Unique Learner Number
- Learner's Date of Birth
- For GCSE – Provider or Awarding Organisation name, Qualification Type, Aim Description (QAN number), Grade achieved and Award date*.
- For Key Skills – Name of Key Skill, Level, Pass and Award date*
- For Functional Skills - Name of Functional Skill, Level, Pass and Award date*
- For competence/knowledge qualifications - Provider or Awarding Organisation name, Level, Qualification Type, Aim Description (QAN number), Pass and Award date*

*All qualifications must show an **AWARD** date to be accepted as robust achievement evidence. As a mandatory requirement, Awarding Organisations were required to provide qualification Award Dates from September 2013. Prior to this date not all Awarding Organisations did provide this information on PLRs. Therefore, any PLR reports with qualification information dating prior to September 2013 **may not** have the required Award Date information and cannot be accepted as robust achievement evidence and an alternative evidence type should be submitted.

If any of this required information is missing then use of the PLR will not be possible and alternative, acceptable evidence of learner achievement should be sourced.

The PLR examples included in this document show the range of reports/screen shots that you can obtain from the LRS database and can use as acceptable evidence for an Apprenticeship

Completion Certificate claim. The LRS database was upgraded in summer 2014 and, as a result, the formatting of PLR reports and screen shots has slightly altered. The older printouts and screen shots will continue to be accepted as long as they meet the minimum specified data requirements.

Please note: If the PLR you are using contains the details of **multiple** achievements, please indicate **clearly** which specific entry/entries you want to be considered as achievement evidence.

If you use a highlighter pen to mark achievement entries then you **must check** that the definition of this highlighting is not lost when documents are subsequently copied and/or scanned and uploaded to ACE. As an alternative, you can either clearly indicate the individual entries with an asterix or by drawing a neat line around the relevant entry/entries.

Alternatively, some PDF documents can be opened in Adobe Acrobat and the Highlighter Tool used to mark text and then this highlighting can be saved with the file. It is worth checking if you have the facility to do this.

To add highlighting to text using Adobe Acrobat Reader:

- Choose View > Comment > Annotations and select the Highlight Text tool 
- Drag from the beginning of the text you want to mark up. Control-drag to mark up a rectangular area of text. This feature is especially useful when you are marking up text in a column.

The following two pages list alphabetically the Awarding Organisations currently using the LRS Database

1st 4Sport	B	Chartered Institute of Personnel and Development	F
A	BIIAB	Chartered Institute of Purchasing and Supply	First Aid Awards Ltd

Schools Information Management System (SIMS)

Information & Examples

Schools Information System (SIMS)

Background

Reports and screen shots from SIMS can be accepted as part of an Apprenticeship Completion Certificate claim on ACE, as long as they meet the **minimum** data requirements as indicated on each type of evidence.

SIMS is directly populated by Awarding Organisations and can only be accessed by a limited number of users within individual schools. If you want to use evidence from SIMS, then, as a **minimum**, the following information will need to be clearly displayed on any evidence submitted:-

- Learner's full name
- Qualification name
- Examination Board name
- Status of achievement i.e. certificate or unit
- Grade/Result
- Date of achievement/award date

SIMS reports/prints **must** be signed and dated by an appropriate representative from the school, such as an Examinations Officer or Head Teacher and have either the school stamp/logo included or be on school headed paper. If the evidence is missing for any of these requirements then the evidence will not be accepted.

Awarding Organisation

Evidence

**Alternatives to actual
achievement certificates**

Information & Examples

Introduction

There are currently around 150 Awarding Organisations, operating in England, who are registered to use the Learning Records Service (LRS) database and regularly populate individual's Personal Learning Records (PLR). However, many of these organisations also have their own certification databases and many of these can be easily accessed online by training providers to produce achievement record reports for individual learners.

Reports and screenshots from these Awarding Organisation databases can be accepted as evidence for an Apprenticeship Completion Certificate claim, providing that all the minimum data requirements are met and the database web link is included on the report/screenshot.

The following section includes multiple examples from a number of Awarding Organisations and each has been annotated to indicate the **minimum** data requirements for each evidence type.

To date, we have included examples from the following Awarding Organisations:-

- City & Guilds
- EDI
- Edexcel
- Skillsfirst Awards Ltd
- Cskills Awards

If the Awarding Organisation evidence that you have does not contain the minimum requirements, as annotated, then the evidence will not be accepted.

Help us to help you!

If you have examples of evidence that are not currently contained within this document but contain information that matches, or is similar to, the examples included then please contact the Federation **prior** to submitting your Apprenticeship Completion Certificate claim so that we can assess the evidence you are proposing to use. If we agree to the evidence being used, we will approve it and add it to this guidance document as part of our regular review and update process.

All evidence examples for review and consideration to be sent to ace@fisss.org.

City and Guilds

City and Guilds have recently started to issue e-certificates which look exactly the same as a normal certificate. They also use an online certification system known as Walled Garden.

In addition to actual City & Guilds certificates, both their e-certificates and reports/screen shots from Walled Garden can be accepted as part of an Apprenticeship Completion Certificate claim on ACE, as long as they meet the **minimum** data requirements as indicated on each type of evidence.

The following section contains examples of:

- A City & Guilds e-certificate
- A screen shot from the Walled Garden
- A PDF report from the Walled Garden

Please note: On the non-certificate evidence we can accept the result as conferred or passed.

Essential Certificate in Spreadsheet Processing Techniques

2

is awarded to

On Demand Test

1

who has achieved the following
Spreadsheet Processing Techniques - Essential

Pass

3

This City and Guilds e- certificate evidence meets the minimum requirements as it shows:

1. Full name of the learner
2. Qualification name, type and level
3. Grade achieved
4. Date achieved
5. Awarding Organisation identifier
6. Apprentices Gender*
7. DOB*
8. Certificate Number

*These can be found included within the certificate number; in this case the last few characters are M/01/01/80. From this we can determine that the apprentice is Male and was born on 1st January 1980. This information must match the information for the apprentice on ACE.

Awarded 22 December 2013

This Cskills awards candidate report evidence meets the minimum requirements as it shows:

1. Full name of the learner
2. Qualification name, type and level
3. Date achieved
4. Awarding Organisation identifier
5. Candidate Registration Number
6. DOB
7. Issue Date

Screen shots acceptable from other sources

As well as the Awarding Organisations that have already been included within this document there are many more from which we can accept evidence that is not an actual achievement certificate. Other organisations have their own online certification systems which can be accessed to produce reports and screen shot evidence for learners.

Evidence of this type can be accepted as part of an Apprenticeship Completion Certificate claim on ACE, as long as they meet the **minimum** data requirements as indicated on each type of evidence.

Some of the more common ones that we get submitted on ACE are included in the following section.

These include examples from:

- AQA
- OCR
- EAL
- IMI

Awarding Organisation

Evidence

Actual achievement certificates

Information & Examples

Ofqual Requirements for

Awarding Organisation

Certificates

All Awarding Organisation achievement certificates contain different information but they must all adhere to a set of Ofqual regulations, which stipulate that all qualification certificates must be clear and contain the following key information:-

- The full name of the Awarding Organisation, as recognised by Ofqual
- The full name of the Learner, as registered with the Awarding Organisation
- For qualification certificates - Qualification Number, as assigned on the Ofqual Register
- For credit certificates - Unit Reference Number/s as assigned on the Ofqual Register
- The level of attainment of the Learner
- The level of the qualification or credit achieved
- The date (day/month/year) that the Awarding Organisation confirms the Learner's attainment by the issue of a certificate
- Ofqual's logo in line with Logo Requirements, which may be published by Ofqual and updated from time to time

NB: An Awarding Organisation may also include other relevant logos, including those of other regulators, where appropriate.

The following section of this document includes examples of actual achievement certificates from a range of Awarding Organisations and each has been annotated to indicate the **minimum** data requirements that must be included and clearly visible on each certificate. These examples can be used as a guide of the general principles that we will apply when deciding whether or not an evidence type is suitable to be accepted as robust achievement learner evidence, as part of any Apprenticeship Completion Certificate claim.

Other Certification Systems

Some Awarding Organisations have developed their own online database certification systems and this document includes examples of many of these and the types of evidence that can be obtained from them.

Other Awarding Organisations use third party IT systems to provide a platform for managing their certification processes. Two of the larger ones in use are Quartz and Parnassus. The following section of this document provides some overview information about each of these systems and the Awarding Organisations that currently use them.

Although these systems are used by multiple Awarding Organisations, they are usually tailored to meet the needs of individual organisations and so may not always look the same but reports and screen shots should always contain the same basic information.

Portico - Quartz

Portico owns the Quartz system which is the name of one of the larger certification systems used by some Awarding Organisations. The Quartz system can be adapted to suit the requirements of each user organisation but in principle they are all built in the same way.

Therefore, in principle, screen shots from the following Awarding Organisations will be accepted as part of an Apprenticeship Completion Certificate claim, providing that they meet the minimum stated data requirements*: -

- Active IQ
- Agored Cymru
- Ascentis
- ATHE
- BHEST
- CTH
- IAB
- IoLET (22nd October 2013)
- Kaplan Professional Awards
- Lantra Awards
- Lifetime Awarding
- NOCN

*The **minimum** data requirements that must be included on any reports or screen shots from are:

- Full name of the learner
- Qualification name
- Level/grade achieved
- Date of achievement/award
- Awarding Organisation identifier

Learner History

Ilona [redacted] (28873) at [redacted] Group

Notes:
1. The history shown only includes achievements gained at your organisation. Other achievements either with this awarding body, or other awarding bodies are not shown.
2. Achievements may not be displayed here for a period of time following their achievement-date.

Registrations

Batch ID	Programme/Provider Course	Batch Start	Batch End	Metrics	No. of Awards	Registered On
1278 (more...)	LAO Level 2 Certificate in Hospitality and Catering Principles (Food and Beverage Service) (QCF)	25/07/2012		Metrics	11	LAO Level 2 Certificate in Hospitality and Catering Principles (Food and Beverage Service) (QCF)
1272 (more...)	LAO Level 2 NVQ Diploma in Food and Beverage Service (QCF)	25/07/2012		Metrics	10	LAO Level 2 NVQ Diploma in Food and Beverage Service (QCF)

Qualifications Awarded

Qualification	Type	Level	QAN	Date Achieved	Grade	Certificate Printed
LAO Level 2 NVQ Diploma in Food and Beverage Service (QCF)	Employment Related	Level 2	600/2313/2	07/03/2013	Not applicable	08/03/2013
LAO Level 2 Certificate in Hospitality and Catering Principles (Food and Beverage Service) (QCF)	Employment Related	Level 2	600/2706/2	07/03/2013	Not applicable	08/03/2013

This Quartz evidence meets the minimum requirements as it shows:

1. Full name of the learner
2. Qualification name, type and level
3. Grade achieved (if applicable)
4. Date achieved
5. QAN number
6. Candidate Number
7. Web address

Parnassus

Parnassus is another of the larger certification systems used by Awarding Organisations. The Parnassus system can be adapted to suit the requirements of each user organisation but in principle they are all built in the same way.

Therefore, in principle, screen shots from the following Awarding Organisations will be accepted as part of an Apprenticeship Completion Certificate claim, providing that they meet the minimum stated data requirements*: -

- 1st 4Sport
- ABBE
- ASA
- BIFM
- CIBTAC
- CYQ
- Future
- ISMM
- Logic Certification
- SkillsFirst
- VTCT

*The **minimum** data requirements that must be included on any reports or screen shots from are:

- Full name of the learner
- Qualification name
- Level/grade achieved
- Date of achievement/award
- Awarding Organisation identifier

On-going Developments

Peer-to-Peer Data Transfer

The Federation is continuing to work in partnership with many Awarding Organisations to develop the possibility of direct data transfer between their management information systems and ACE. This is known as **peer-to-peer** data transfer.

The peer-to-peer transfer works on the basis that an Awarding Organisation will send the learner achievement data for NVQs, Diploma's and Functional Skills etc. straight to the ACE system where the relevant data fields in ACE will be auto populated. This will enable ACE users to see the achievement data required, whilst at the same time being assured of its origin, robustness and validity.

SOAP Transfer

A trial is currently taking place on a process known as a **SOAP** transfer. This basic concept is that a PDF document can be sent directly in to ACE by de-coding it, sending it electronically and then re-creating it within the appropriate data field in ACE. The results of this trial will be shared, in due course.

In addition, the Federation is currently actively engaged with the Skills Funding Agency to facilitate a direct data link to the information input to the Learning Record Service (LRS) database by Awarding Organisations. This information, which is used to populate individual Personal Learning Records (LRS), could then be accessed to facilitate an auto-populate of the relevant data fields within ACE.

Unique Learner Numbers

A Unique Learner Number (ULN) is a unique 10 digit reference number which is assigned to all learners who have a PLR record created in the LRS database. Each ULN is issued, and held by the LRS Organisation Portal. The LRS Organisation Portal uses the number to index each learner's identity details and their education and training qualifications within the PLR.

The 10-digit ULN has been designed to ensure that no additional meaning can be inferred from its structure, for example, geographical location or level of learning. Its purpose is purely to provide a unique identifier for each individual's Personal Learning Record.

Learners will retain the same unique number for accessing their PLR throughout their lives. The number will stay the same regardless of their level of learning and irrespective of where they choose to participate in education, training and learning.

The ULN is growing in significance as, for the first time, this identifier will be used for all qualifications for individual learners from the age of 14 upwards. Previously, a separate identifier was used in schools (UCI) and then a separate ULN was issued at FE/HE level. This has caused confusion and through the use of a single identifier (the ULN) there will be greater unity across all learning arenas and facilitate easier access to an individual's learning records and reports.

Summary

Although the preferred form of evidence is still the actual achievement certificate, all of the evidence examples contained within this guidance document may be used as robust, acceptable evidence when claiming for an Apprenticeship Completion Certificate on ACE. However, they must meet the **minimum** data requirements, as highlighted within this document. Where multiple qualifications are evidenced on the one document please indicate the qualification being evidenced.

If you have any questions or queries as to whether or not an evidence type that you have will be acceptable then please contact the relevant Certification Body **before** you submit a claim on ACE. A list of all of the Certification Body contacts details are available on the [ACE website](#).

Appeals Process

If you believe that a piece of evidence which you have submitted as part of an Apprenticeship Completion Certificate claim should be acceptable, based on the examples included in this guidance document and the general principles of the minimum acceptable requirements, but it has been rejected by the Certification Body then you do have the opportunity to appeal.

Full details of how to access the Appeals process, and when and how to appeal, are available on the [ACE website](#).

Additional support, guidance & information

Transferable Skills – Guidance Notes

On the ACE website there are a number of other support documents to help you to make a successful Apprenticeship Completion Certificate claim on ACE. One of which is the Transferable Skills Guidance Document which gives further guidance and clarity on what is, and isn't acceptable, as evidence of an Apprentices achievement of the English, Maths and ICT requirements of their BP or SASE Apprenticeship. This, and other support materials, can be found under the [Knowledge Base](#) tab on the ACE website.

ACE-IT

The Federation have developed a new online training tool which has been designed to inform and train ACE users in fully understanding the acceptable evidence requirements for making a successful Apprenticeship Completion Certificate claim on ACE.

As a brief overview, ACE-IT consists of a large database of example evidence, some of which will be acceptable and others not. Individual ACE users will register to use the tool and create themselves an ACE-IT account. Each online exercise will consist of a set of questions (approx. 15/20 per session) and users will be required to review each piece of evidence and decide whether or not it is acceptable within the specific context you will be given. If it is not acceptable, there will be a series of multiple choice answers to choose from explaining why the user thinks that the evidence is not acceptable. At the end of each exercise session users will be given their results and will have the opportunity to review any questions which were answered incorrectly and be given the correct reasons for the evidence being unacceptable. The questions presented in each session will be randomly selected from the ACE-IT database, so each session will be different. Users will be able to access the online tool as often as they like.

The initial version of ACE-IT will be launched in early September 2014 and will continue to be developed over the following months. All feedback on the tool will be welcomed and should be sent to ace@fisss.org.

Contact Us

We will be continually reviewing and updating this document and would appreciate your help in doing this. If you have an evidence example that is not currently included within this document but you believe that it would be acceptable, based on the principles outlined in this document, then please send us a copy for our consideration. All evidence examples to be sent to ace@fisss.org

You can contact the Federation for further support and guidance using on the [ACE website](#)
